1. In reference to the case of I [REDACTED] received a call from Miss Leon of the office of Clifford Case (R., N. J.) to find out why, after [REDACTED] had received assurances of a P-2 job he should have been rejected. Upon checking, it appears that [REDACTED] was interviewed by [REDACTED] OO/C, who indicated to him that there was a vacancy, that they would request his services for it, but there would be a delay for reasons of security and administrative measures. As a result, [REDACTED] moved his family down and gave up his home. He was rejected by security on the basis of 10-2. With the concurrence of [REDACTED] and Col. Edwards I have informed Miss Leon of these facts and their office has been most understanding.
